

FAQ: UNITN INTERNAL CALLS (last update: 18 August 2014)

RESEARCH PROJECTS 2014

- 1) **Q: Does the young researcher of the project have to hold a position at Unitn with a research contract, as RTD or post doc, lasting at least until, or beyond, the end of the project?**

A: Yes.

- 2) **Q: May a professor or researcher apply to more than one "Research Projects 2014" project proposal?**

A: Yes, if he/she does not apply as Principal Investigator in one of the submitted proposals.

FAQ: UNITN INTERNAL CALLS (last update: 28 July 2014)

RESEARCH PROJECTS 2014

- 1) **Q: How can the evaluation criteria "capacity of creating external collaboration" be proven, if the call doesn't foresee the involvement of external institutions?**

A: The evaluators will consider the potential of creating this collaboration by looking at the Principal Investigator's CV (e.g. involvement in European Projects). No funds are foreseen for external entities.

- 2) **Q: Is it possible to have 3 PIs in a project? Is it possible to include an eligible young researcher that is already a tenured assistant professor and that will be in charge of the scientific coordination and not only of management?**

A: Yes; it is necessary to specify how eligibility criteria for young researchers are met.

- 3) **Q: In the evaluation criterion "quality of the applicants": how will the involvement/lack of the involvement of young researchers will be evaluated?**

A: The involvement of a young researcher in the scientific coordination is one of the evaluation criteria which will be independently evaluated by reviewers.
