

WORKSHOP ON SYNTAX PROCESSING

ROVERETO, 5-6 JUNE 2017

PROGRAM

Monday, 5 June 2017

09.30-10.00	Registration and Opening
10.00-10.30	L. Rizzi <i>Locality effects in children and adults</i>
10.30-11.00	S. Mancini <i>Agreement and (illusion of) disagreement: reconciling theoretical analyses and sentence processing data</i>
11.00-11.30	S. Sloggett and B. Dillon <i>Interference effects in processing reflexives: A role for logophoricity</i>
11.30-12.00	N. Biondo, F. Vespignani and B. Dillon <i>The role of structural constraints during the attachment (and integration) of temporal adverbs</i>
12.00-14.00	Break
14.00-14.15	F. Vespignani, E. Bergamini and N. Biondo <i>Does argumental structure affect the processing of subject-verb agreement? Preliminary ERPs evidence from Italian</i>
14.15-14.30	L. Artesini, M. Dighero, V. Giannelli, D. Musola, F. Pavani and F. Vespignani <i>ERP correlates of syntactic processing in cochlear implant users: A preliminary report</i>
14.30-14.45	I. de-Dios-Flores, C. Acuña-Fariña and M. Carreiras <i>Processing long distance dependencies: exploring null subject-antecedent relations</i>
14.45-15.15	A. Nevins <i>When subject-verb agreement is influenced by object-verb agreement: ERP evidence from Basque</i>
15.15-15.45	P. Canal, V. Bambini, F. Breimeier, D. Meo, D. Pescarini and M. Loporcaro <i>Brain electrical correlates of morphosyntactic change in the gender system of a southern Italo-Romance dialect</i>
15.45-16.15	C. Turolla <i>On the morphosyntax of participles in Cimbrian</i>

Tuesday, 6 June 2017

09.30-10.00	A. Belletti <i>Grammatical creativity: When children do most what they hear less</i>
10.00-10.30	C. Contemori, L. Pozzan, P. Galinsky and P.E. Dussias <i>Effects of prosodic cues on the processing of garden-path sentences: a study with L2 learners of English</i>
10.30-11.00	L. Cilibrasi <i>Effects of L2 age of onset on morphology and syntax</i>
11.00-11.30	Break
11.30-12.00	M. Garraffa <i>Language (non) selective effects in the domain of syntax: data from language acquisition and language impairment</i>
12.00-12.30	F. Mantione, M. Vender, C. Melloni and D. Delfitto <i>Effects of dyslexia on the production of complex Wh-Questions</i>
12.30-13.00	M. Vender, D. Delfitto, S. Hu, F. Mantione and C. Melloni <i>Clitic production: How bilingualism and dyslexia interact</i>
13.00-13.30	K. Martini <i>Animacy does not affect the production of relative clauses: evidence from French</i>
13.30-15.00	Break
15.00-15.30	C. Chesi <i>A competence model for parsing complex non-local dependencies</i>
15.30-16.00	S. Caffarra <i>The weighting of formal cues during agreement processing: does language experience matter?</i>
16.00-16.30	General discussion
16.30-18.00	Round table on individual differences

Room 14, Palazzo Piomarta (Istruzione)
Corso Bettini, 84 – Rovereto (Italy)
