## What we did

### Future new spaces

The University budget was approved at the December Governing Board meeting. Among many others, we allocated funds for the construction of two new students' residences (one in Piedicastello, and the other in Santa Margherita, in front of the Collegio Clesio). It will take years to see them completed, but it is important that the University has accepted our requests.

Furthermore, there are works undergoing at the Department of Economics, which will create new spaces including a new 64-seat study room on the ground floor.

### Online exams

We have obtained the possibility to ask for online exams (including CLA's) for students that are: 1) positive or quarantined; 2) unable to move due to travel restrictions; 3) that will receive the vaccine on the day of the exam, the day before, or the day after; 4) for all fragile individuals.

The process for requesting it can be found here: [Online Teaching](#).

In addition, professors may decide to provide online examinations for all the students.

### Agreements

The agreements with the Centro Santa Chiara (info: [Theatres | UniTrento](#)) and with the association GiPro - Giovani Professionisti (info: [Associazione Gi.pro | UniTrento](#)) have been renewed.

### Movida regulations

The City Council has approved the "*Regolamento di convivenza*", which gives the possibility of establishing "red zones", where the possession of alcohol is prohibited from 11pm to 7am, as well as various coercive measures towards locals' owners. The only positive note is that, in the writing of this document, for the first time the students' representation was listened to as with residents and locals' owners. But despite the fact that some modifications proposed by the Students' Council of the City of Trento have been accepted, from our point of view these regulations are still very critical.

We continue to work to make Piazza Dante a place for the students, where dedicated events will take place in the spring, and which will be excluded from the aforementioned regulations.

### Third vaccine dose

To get the third dose, if you have been vaccinated outside the province of Trentino, you must call 800 867 388 (even if you received a vaccine not approved by the EMA). Instead, if you did the second dose in Trentino, or if you need to book the first or second dose, you can book it from the [APSS website](#).

### CLA new exams

From January 10, exams will start with the reading-comprehension part, so that the oral-comprehension part will be taken afterwards. We have asked this inversion since the oral-comprehension is the module that presents the most failures, and if placed first it does not allow to effectively test your language skills.

This is a first step, but our goal is for the modules to be completely separate, so that if you fail, you can retake only the failed part and not the entire exam.

## What we are working on

### Online exams

This month there is one aspect that stands out above all the others: the pandemic situation is worsening, Trentino is in the yellow zone and could become orange, and, after the last decree, asymptomatic vaccinated positive people do not have to observe quarantine. All this means that, in all likelihood, there will be infected people at every exam, whether they are aware of it or not.

It is necessary that all the students will have the possibility to choose how to do an exam: online or in presence. This will also alleviate the critical situation in the students' residences, where we expect many positive cases.

For the few exams that cannot be transferred online, we need a strict protocol that includes: distancing, sanitizing the classroom each time it is used, air ventilation, entrances in shifts and systematic green pass controls.

**P.S.** As you can see, the representation is active and working for you, so if you have any doubts or problems you can contact your Department's representatives or the Students' Council, by email or on social media.
