3rd countries not associated to the programme

Norway, Iceland, Liechtenstein, North Macedonia, Serbia, Türkiye

All other countries throughout the world
Rationale behind lot EMDM

1. Fill the gap of the Erasmus Mundus Action by supporting the development of new joint master programmes.

2. Diversify the offer of Joint Master Programmes and encourage new academic cooperation by involving Erasmus Mundus under-represented EU Member States and third countries associated to the Programme, and/or institutions from these countries, and/or thematic areas.
What is an EMDM project?

- Short duration **grant of 15 months to support institutions** in the set-up of a new joint master programme in Europe (and beyond)

- **One beneficiary** mobilising a group of other HEIs (mono-beneficiary grant)

- EU Grant: fixed **lump sum contribution of EUR 60,000** for costs linked to the activities necessary to set up the new joint master programme

* tbc - please check the Erasmus+ Programme Guide

*Independent funding scheme from EMJM (independent calls for proposals)*
Expected outcomes of an EMDM (1)

Offer a **fully integrated curriculum delivered by a consortium**
(involving at least three HEIs from three different countries, of which at least two must be EU Member States or third countries associated to the Programme)

Aim at **attracting excellent students** worldwide

Include compulsory **physical mobility** for all recruited students

Lead to either a **Joint degree** or **multiple degrees**
Expected outcomes of an EMDM (2)

- Joint mechanisms to be included in the design of the master programme

Joint programme design

Joint administrative & financial management

Joint promotion & dissemination

A joint degree policy

Joint selection & monitoring procedures

Common services offered to students

A draft joint Partnership & Student Agreement
Taking part as an Organisation

Applications can be submitted by any eligible HEI worldwide

HEIs should be able to deliver a minimum level of education corresponding to ISCED 7 (master level)

For HEIs in EU Member States and third countries associated to the Programme: valid ECHE

For HEIs in third countries not associated to the Programme: should commit to ECHE principles
