## What we did

### New Covid rules

From May 1<sup>st</sup>, it is no longer required to check-in to enter the University buildings, and the green pass will no longer be required. Face masks remain compulsory until June 15<sup>th</sup>. The libraries and study rooms will again become accessible to everyone, but, in order to access in the first two hours from the opening, reservations must be made in the UniTrento App to give priority to the students.

### University Strategic Plan

The Strategic Plan, the document in which we plan the development of our University for the next 5 years, has been approved. We are very satisfied with the outcome because we contributed to the writing and almost all our proposals were accepted. We were able to obtain important objectives for teaching innovation and DAD, internationalization, welfare and inclusion, university-work interconnection, environmental sustainability and building planning.

But this work is just at the beginning: now we will have to collaborate with the University to implement these goals. You can find the PdSA presentation at this [youtube link](#).

### Double degree enrollment

From the next Academic Year it will be possible to enroll simultaneously in two degrees, including master's, both within the same university and in different universities. The only limitation is that it will not be possible to enroll in two degree courses that belong to the same degree class.

### Student residences

On May 3<sup>rd</sup>, the SanBa UniBar was officially reopened, which will also be equipped with the POS.

We are aiming to make the SanBa a meeting place for both the residents and the student community: a SanBa events group has also been created, the theater plays with the Centro Santa Chiara have begun, and thanks to the Opera representatives we have unblocked the procedures to organize concerts at the SanbàPolis theater with the possibility of standing instead of just sitting, like for the last Pop X concert.

The work for the student residences regulations continues.

### Canteens

With the Opera representatives we managed to insert a customer satisfaction section in the Opera4U app, which will allow people to give feedback on each meal. Thanks to all these reviews, we will be able to communicate with the service provider in order to improve the canteens.

### “Facoltiadi”

On June 10<sup>th</sup> and 11<sup>th</sup>, the *Facoltiadi* are finally back, at their 26<sup>th</sup> edition. The teams are composed of people from the same Department and will compete in beach tennis, dragon boat, soap football and green volleyball tournaments. But in addition to sport, the event is also an opportunity to have fun, party and meet new people, you can't miss it!

### **Career Fair**

On May 18<sup>th</sup> there will be the Career Fair, an opportunity to meet companies, build networks and do interviews for internships. Info: [Unitn | Careerfair](#).

### **Graduation ceremony**

On May 27<sup>th</sup>, the graduation ceremony will be held in Piazza Fiera for Bachelor students who have graduated between 1 September 2021 and 31 March 2022.

## **Work in progress**

### **Agreements**

We are contributing to create a new agreement with a supermarket, which will give shopping discounts shopping for students.

We are proposing to the University to set up an agreement to obtain discounts on the use of the electric scooters in the city, which can now be used 24 hours a day and no longer only until 10 p.m.

### **Movida**

We are giving our contribution to make the city more alive, through moments of aggregation, culture and music: we have organized events in via Suffragio with the Students' Council of the City and the City Council through the project "Trento si popola", and we are supporting other realities for projects of "diffused movida", for example in Sardinia.

At the same time, the call for the management of Piazza Dante was won by the Lume association, which is composed of a number of shopkeepers, including the Gatto Gordo and the Hakka, who will now have the task of making the square a safe and social place at night. The project will start by the end of May.

### **Gender neutral toilets**

After having arranged gender-neutral toilets in the Sociology Department, we are working to have at least one in each Department. These are toilets without any label, so that anyone can use them.

### **Transports**

We are working with the City Council, the Province, and Trentino Trasporti to have night buses, especially thanks to the Piazza Dante project, and we have requested the addition of some evening trains also to Rovereto.

We also have some proposals regarding transport to and from the city hill (Povo), highlighting alternative solutions to the 5 bus line and to the traffic on Via Valsugana.

**P.S.** As you can see, the representation is active and working for you! If you have any doubts or problems you can contact your Department's representatives or the Students' Council, by email or on social media.

## The Students' Council

---

### Who we are and what we do

The Students' Council (CdS) is the upper body that **expresses the opinions** and the political will of all the students of the University of Trento, by the means of Motions and Opinions.

Here are discussed topics regarding the community of the University of Trento in general. Deputy **delegates** are nominated and they work together with their commissions on each specific topic.

The Council elects its **President**, who **represents all the students** inside and outside our University, and is a member of both the University Governing Board and the Provincial Coordination Committee. You can find our Regulations and more details about the CdS on the [dedicated section](#).
