News from the Students’ Representation
February, 2022

What we did

Online examinations
After an intense dialogue with the Rector and the Vice-Rector for Teaching and Learning, we have achieved to extend the possibility of requesting online exams to anyone with Covid-related problems. Furthermore, all teachers are now required to be ready to activate the online alternative at all times. The 3-day notice period has been removed for people in quarantine or with a quarantined roommate. Categories and procedure here: Online teaching.

Students discounts
The agreement with Flixbus has been reactivated: you will be able to request 1 discount code per month worth 10% of any trip, national or international (info: Flixbus | Unitn).

Study rooms
During this exam session (until February 27\textsuperscript{th}) the "Cial" study room will also open on Sunday mornings.

Work in progress

Psychological support
Due to the large number of requests, we are working to increase the psychological support service offered by the University. We have also proposed to establish an agreement with external psychotherapists, so that the support can be continued outside the University with a reduced price.

Extra graduation session
The Parliament is discussing to extend the academic year, which will allow those who graduate by June 2022 to result graduated in the 2020/21 academic year. We have already asked the University to organize an extra graduation session in June, so those who cannot graduate in the spring can still take advantage of this extension.
We also want to work in the Departments, to give students the possibility to obtain the remaining CFU needed to graduate in time for this extra session.

Part-time career
We are working to propose the creation of a part-time career, which will allow not to have any increase in the tuition for those who choose to spread their academic career over more years than is normally the case.

Canteens
Together with the Opera representatives, we are carrying out quality and quantity controls in the canteens. They are also working on setting up POS in all the canteens and bars. The SanbàPolis bar will reopen within this month.
Post-exam questionnaires
We are working to introduce post-exam questionnaires, so that students can express their opinion on how the professors held the examination. They will firstly be tested in 16 courses, already in this session and, if the feedback is positive, will be extended to all exams.

Educational support for students with special needs
We are working to structurally establish support tools, first and foremost the DAD, for working students, parents, BES and DSA, caregivers, fragiles, prisoners.

Free sanitary pads
We are working to ensure that there will be a supply of free sanitary pads in at least one bathroom and one of the receptions in each of all the University buildings (including the libraries).

Scholarships
The Ministry has announced an increment in the maximum ISEE and ISPE values to apply for scholarships or accommodation. We are working together with Opera to implement this.

P.S. As you can see, the representation is active and working for you! If you have any doubts or problems you can contact your Department’s representatives or the Students’ Council, by email or on social media.

The President of the Students’ Council
Edoardo Giudici
The Students’ Council

Who we are and what we do
The Students’ Council (CdS) is the upper body that expresses the opinions and the political will of all the students of the University of Trento, by the means of Motions and Opinions.
Here are discussed topics regarding the community of the University of Trento in general. Deputy delegates are nominated and they work together with their commissions on each specific topic.
The Council elects its President, who represents all the students inside and outside our University, and is a member of both the University Governing Board and the Provincial Coordination Committee.
You can find our Regulations and more details about the CdS on the dedicated section.
