Art. 2 – PHD PROGRAMME AND THEMES

The PhD programme in International Studies focuses on the study of complex international phenomena, which often prove comprehensible only when analysed with the support of various, interconnected disciplines.

The doctoral programme will focus on the following themes:

- International Politics and International Security;
- European Studies and Integration Process;
- Economics, Law and History of Global Interdependence.

For this reason, the course takes a multidisciplinary approach that combines solid foundations in one or more reference disciplines with the discovery of methodologies, concepts and keys to interpretation that derive from the other core sectors in international studies.

The doctoral programme includes:

- two methodological courses;
- two multidisciplinary courses in which a series of research topics are tackled from a range of disciplinary points of view (economics, law, political science, sociology, history);
- a rich programme in *Academic Writing* designed to strengthen scientific writing skills in English in preparation for the final thesis, as well as for other written work (articles, reviews, etc.) necessary in research work.

Students wishing to undertake a thesis in the field of economics will have the opportunity to acquire further tools for economic and quantitative analysis through a series of advanced courses (international economics, econometrics).

A series of Guest Lectures presented by professors invited by the School of International Studies, and meetings with practitioners working in international organisations together with Short intensive courses to strengthen *soft skills* (covering areas such as *project management*, *drafting of a policy briefs*, or *research project proposal writing* for competitive tender, for example) complete the programme offered.

A detailed description of the PhD programme is available at <http://www.unitn.it/drsis/node/128>

EDUCATIONAL OBJECTIVES

At the end of the doctoral course, students must be able to:

- understand the fundamental theoretical approaches on which the disciplines underlying International Studies are based (political science, law, economics);
- use analytical and empirical research tools, appropriate to International Studies and to their reference discipline, in response to innovative research questions;

- demonstrate familiarity with the tools required for sending articles and reviews to national and international scientific journals; submit research projects to academic and non-academic scientific commissions; present research results in public.

Art. 3 – ADMISSION REQUIREMENTS

1. Applications for admission to the PhD programme described above are accepted from candidates (regardless of gender, age or nationality), who hold:
 - a) an Italian “Laurea Specialistica” o “Laurea Magistrale” (Master's Degree) or degree issued in accordance with the regulations in force prior to Ministerial Decree no. 509 of 3 November 1999, amended by Ministerial Decree no. 270 of 22 October 2004;

3. Candidates who hold a foreign academic qualification that has already been declared equivalent to an Italian degree should upload in the online application the Rectoral Decree of the Italian University that has issued the academic qualification.

If the qualification has not already been declared equivalent, the specific documentation described below (article 4) must be uploaded.
4. It is the candidate’s responsibility to provide all documents useful to their evaluation, especially if the higher education system of the country where the title was obtained is not comparable with the Italian one. The admissions committee may request further documentation via the administrative offices, if deemed necessary in order to establish suitability of the qualification before the start of the selection process.
5. Applications are also accepted form candidates who have already obtained a PhD degree if the main research topics and scientific-disciplinary fields of the Doctorate programme for which the title was obtained are different from those described in the Art.2. - a letter signed by the thesis supervisor or other academic or administrative responsible, stating that the degree is expected to be acquired by the candidate **by 31 July 2020**.

The proposal will be used for admission purposes to assess the candidate's analytical and methodological abilities and can provide a basis for the doctoral thesis. The precise thesis topic will be defined during the first year together with the supervisor.

The success of a thesis project depends on the close match between PhD student and faculty research interests. For this reason, interested applicants are recommended to consult the **research profiles** of the faculty and present a proposal in line with the research activities of the School of International Studies, or on the specific topic carrying a scholarship.

Research activities at SIS revolve around three main topics:

- International Politics and International Security;
- European Studies and Integration Process;

Further information about the research activities and projects carried out at the School of International Studies is available at <http://www.sis.unitn.it/159/research-at-the-sis>

The scholarship from the National Research Council (CNR) in memory of Antonio Megalizzi is tied to the topic "The European Union: integration processes, enlargement and international role". Further information is available at <https://www.unitn.it/drsis/node/329/>

Candidates are advised to indicate a potential thesis supervisor in their proposal after consulting the list of teaching staff and respective research topics at <https://www.unitn.it/drsis/164/sis-faculty-and-phd-graduate-school-committee>

N.B. An agreement with the faculty member is NOT required and NOT necessary; it is a matter of an individuation based on subject and research interests.

¹¹ EU citizens may use a self-declaration as per Law no. 445, 28/12/2000, and subsequent amendments.

at least two years of full-time or equivalent overseas or international experience, and that English is the language of communication in that company or organization.

9. **OPTIONAL ATTACHMENTS:**

- d) **up to two reference letters** in English.

Candidates may nominate two people as referees. Within 24 hours of the candidate completing and saving the relevant section, the system will send an automatically generated email to each referee, giving instructions on how to complete and return the form.

Candidates are advised to check with their referees to make sure that their references are uploaded onto the website by **25 May 2020**.

10. If the candidate needs to upload further documents after completing their online application and closing the procedure, they are required to deliver these **by the deadline for application** to the following email address: ateneo@unitn.it (stating in the email's subject field: "Application ID – Surname and Name – PhD Programme in International Studies – 36th cycle – supplement to application"). Additional material will only be accepted if sent by the method specified.

Art. 5 – ASSESSMENT OF APPLICATIONS

1. The evaluation of the applications is carried out by an Admissions Committee, appointed by the Rector. It is composed of a minimum of three members chosen from among the university's permanent professors and researchers, including non-Italians, qualified in the academic fields related to the PhD Programme. The committee may also include a maximum of two other experts, of any nationality, selected from either public or private research institutes.
A member from the CNR may be present for the evaluation of the applications for the topic specific scholarship.
2. The selection is based on:
 - an **assessment of qualifications** (see Art. 3 of this announcement) in accordance with the criteria established by the admissions committee;
 - an **interview** (for candidates whose academic qualifications pass the assessment with at least 30/40) to evaluate:
 - the extent of the candidate's knowledge in the area of their proposed research;
 - their language skills in English.
3. Candidates who intend to compete also for the **topic-specific grant** from CNR, indicated in article n.1 of this call, must express their interest in the online application.
Candidates who also intend to compete for potential topic-specific grants, made available after the publishing of this call, must express their intention to the admissions committee before the assessment of the applications.
Those candidates will be evaluated on the knowledge of the specific subject matter(s) of that grant.
A candidate's request for the allocation of a topic-specific grant implies that candidate's preference for the specific scholarship above all other grants.
4. The admissions committee awards a maximum of **100** points:
 - **40** points for qualifications;
 - **60** points for the interview.
5. Candidates require a **score of at least 30/40** points for their qualifications **in order to be offered an interview**.
6. Results following the qualifications assessment stage will be published at: [announcement webpage](#)

7. Information regarding interviews – times, date and venue – will be made available with at least 20 day notice at [announcement of selection Webpage](#). Failure to appear on the day, time and place of the interview is considered to be a withdrawal from the selection process for whatever reason. Any changes to the date and/or location of the interviews will be published on the same web page.
8. Candidates must show valid ID before the start of their interview.
9. Candidates unable to attend their interview in person - whether because they reside abroad, or because of serious obstacles - may request a **remote interview** via video-conference (via Skype) in their online application. The candidates concerned must carefully fill in the relevant section of the online application (“remote interview”) and identify a suitable location, at either a university or a diplomatic mission, and nominate an official who can formally confirm the candidate identify before the interview.
Remote interviews are subject to the admissions committee’s approval and to a prior technical feasibility check. Further information about the date, time and identification will be sent by email to the address that the candidate has entered in the “email address for confirmation” section.
10. Candidates who obtain a **minimum** score of **45/60** points are considered to have **passed** the interview.

Art. 6 – RANKINGS

1. Once the interview process has been completed, the committee will finalize their candidate ranking by combining the points assigned for qualifications with those for interview.
2. Scholarships are awarded to candidates on the basis of:
 - a) their position in the final ranking;
 - b) their position in the ranking and the number of potential scholarships available for topic-specific PhD places. The admissions committee’s evaluation of a candidate’s suitability based on his/her educational profile is a decisive factor in the allocation of these topic-specific scholarships.
3. Request for a topic-specific grant implies the candidate’s preference for that specific scholarship with respect to the others. The successful applicant awarded the topic-specific scholarship is therefore required to accept it; renouncing the topic-specific grant results in the candidate losing his/her right to enrol in the PhD Programme.
4. Non-allocation of such scholarships, studies (see Art.6 par.2 letter b) results in a reduction in the number of places available.
5. The ranked list (again using candidates’ application IDs) will be published on the [announcement of selection Webpage](#).
Publication of this ranked list means that notification has been carried out officially. Successful candidates will **not** receive any personal notification, since the ranked list of candidates will be posted on the website.

Art. 7 – ADMISSION TO THE PHD PROGRAMME AND ACCEPTANCE OF OFFER

1. Candidates will be admitted to the PhD Programme according to their position in the ranking, until all available places are filled.
2. Should two candidates obtain the same score, the candidates’ economic situations shall be the deciding factor for funded places, in accordance with the criteria established by Law on 9 April 2001 and subsequent amendments and integrations.
3. Should a successful candidate withdraw before the beginning of the course (1 November 2020), the next candidate in the ranking will be admitted. Such a candidate will be expected to accept the offer **within 8 days** of receipt of communication from the relevant University Office (‘PhD Office - Cognitive, Social Sciences and Humanities’).

If a successful candidate withdraws or is excluded within the first three months of the first year, the PhD Programme Committee may decide to offer their place to the next candidate on the shortlist.

4. Successful candidates must confirm that they accept the PhD place offered **within 8 days** of publication of the shortlist. Offers are accepted online and instructions can be found at: <http://www.unitn.it/en/node/1928>.
5. Successful applicants holding a foreign qualification must present (if they have not already done so under former application ex Art. 4 "Application Form") to the PhD Office - Cognitive, Social Sciences and Humanities, by fax +39 0461 282191, or email: phd.office-cssh@unitn.it at least one of the following documents **by 5 November 2020**¹²:
 - The Diploma of Master (Master of Science/Arts or equivalent), in the original language or it's certified copy, together with the Academic Transcript of Records (the official translations should be legalized¹³ by the Italian diplomatic or consular representations of the country of origin of the institution that issued it), with the following documents:
 - Diploma Supplement;
 - alternatively, the Declaration of Value;
 - alternatively, the Certificate of comparability of the foreign university degree issued by the ENIC-NARIC centre in Italy (CIMEA) containing all the information necessary for the evaluation of the degree.
6. Successful candidates who fail to submit their acceptance according to the terms and procedures set out in par. 4 of this article, lose their right to enrol. Their places will be made available to other eligible candidates, in order of their position on the shortlist.

Art. 8 – SUPERNUMERARY POSTGRADUATE RESEARCH POSITIONS

1. In accordance with art. 20, par. 3 of the University Regulations regarding PhD Programmes, the admissions committee can admit **one extra candidate**, further to the number of places initially announced, providing that the candidate has been shortlisted and without granting a university scholarship. Such a supernumerary candidate must belong to one of the following categories:
 - a) foreign nationality, eligible in the general ranking, who are granted scholarships by other entities;
 - b) shortlisted candidates from countries which have specific inter-governmental agreements with Italy, and subsequently make a special agreement with the University, without the University of Trento being required to assume any financial obligations;
 - c) be a research fellow receiving not less than 24-month worth of grant at the date of the start of the PhD programme. The candidate must be researching a subject relevant to the PhD research programme (subject relevance to be determined by the PhD programme committee);

2. Candidates who wish to take advantage of the supernumerary position also have 8 days following publication of the ranking in which to request enrolment and present the necessary documentary evidence of their eligibility to "PhD Office - Cognitive, Social Sciences and Humanities" (email phd.office-cssh@unitn.it – fax +39-0461-282191).
3. Supernumerary enrolment is limited to the number of places specified in article 1 and is subject to the final ranking.
4. Supernumerary candidates will receive an offer via email from the PhD office once the documentation regarding their eligibility (see par. 2 above) has been verified. They must then

Art. 9 – ENROLMENT

1. Registration on the doctorate course for the successful candidates, who have accepted their places according to the procedures in the previous article, will automatically be formalized as soon as the Ministry of Education, University and Research sets out the requirements for PhD Programmes for the 2020-2021 academic year.

Should accreditation not be given, candidates who have accepted places will be notified immediately via email and the local education tax (TDS) will be refunded.

2. To complete the enrolment, the candidate who has obtained the qualification abroad, upon arrival in Italy, will have to show the official documents (in original or copy conforming to the original), relating to the academic path, already anticipated in a scanned form in phase of admission to the competition or during the acceptance of the position, to allow the appropriate verification of the validity of the qualifications, also through the national information centers on the recognition of foreign securities belonging to the ENIC-NARIC network. Until such time candidates are admitted to the course with reserve and may be excluded if they do not meet the requirements.
