University of Trento Mentoring Program
Second Edition
Call for Mentee
Open for applications until January 11th 2022 at 12:00

The term “professional mentoring” refers to an apprenticeship experience involving an experienced person on one hand – the Mentor- and a young person on the other, someone who is faced with the challenging decisions of the beginning of their professional life – the Mentee.

The Mentor acts as a guide and provides support, a role model and an example of positive change. He/she should freely share his/her knowledge and expertise in the form of lessons that provide the Mentee with valuable experience to foster his/her personal and professional growth. The Mentor/Mentee relationship should be one of sharing and open trust.
