Art. 2 – PHD PROGRAMME AND THEMES

The PhD Programme in International Studies adopts a vigorously interdisciplinary approach. It provides a solid foundation in the disciplines that lie at the core of international studies (law, economics, sociology and politics in particular) and includes further specific training in the main subject area within which each student's thesis falls.

The programme aims at developing multidisciplinary skills and critical reflection on international and European Union changes, by using an empirical approach to verify theoretical propositions, through comparison and evaluation of case studies.

The PhD learning goals include:

- understanding the theoretical approaches which are the foundations of the disciplines underpinning International Studies (economics, law, sociology and politics)
- utilize the analytical instruments and empirical research tools of International Studies
- acquiring and mastering the tools that are necessary to submit research projects to scientific (including non-academic) committees, to present the end results of a research to the public, to send articles and reviews to national and international scientific magazines

A multi-disciplinary approach will be used to address topics like Sovereignty, democracy and crisis – the global role of the European Union – European (dis)integration - Bargaining, voting and power in European decision-making processes - Technology, revolution in military affairs and international politics – ‘Complex’ commerce: disputed areas, embargos and sanctions - Cross-border co-operation, sub-national entities and multi-level governance – Role of sub-national entities after the economic-financial crisis: between re-centralisation and greater asymmetries - Food security and international commerce - International commerce and financial markets integration – International economic unbalances – European Union and international law – Human and minority rights – Transnational criminology – Armed conflicts and international security.

Methodology and Intensive Academic Writing courses complement the PhD programme.

8. If the candidate needs to upload further documents after completing their online application and closing the procedure, they are required to deliver these **by the deadline for application** to the following email address: ateneo@unitn.it (stating in the email's subject field: "Application ID – Surname and Name – PhD Programme in International Studies – 33rd cycle – supplement to application"). Additional material will only be accepted if sent by the method specified.
9. **A candidate whose application is discovered not to meet the admission criteria may be excluded at any time. The candidate will be given written notice to this effect, including an explanation of the decision.**

Art. 5 – ASSESSMENT OF APPLICATIONS

1. The evaluation of the applications is carried out by an Admissions Committee, appointed by the Rector. It is composed of a minimum of three members chosen from among the university's permanent professors and researchers, including non-Italians, qualified in the academic fields related to the PhD Programme. The committee may also include a maximum of two other experts, of any nationality, selected from either public or private research institutes.
A member from the European Academy of Bolzano (Eurac Research) may be present for the evaluation of the applications for the topic specific scholarship.

2. The selection is based on:

- an **assessment of qualifications** (see Art. 3 of this announcement) in accordance with the criteria established by the admissions committee;

¹¹ These certificates and tests are acceptable proof if they have been issued within the last five years: IELTS minimum band score of 7 on each of the 4 modules of the academic version; Cambridge CAE (minimum grade B) or CPE; TOEFL IBT minimum score of 110; Pearson Test of English (PTE) Academic minimum score 76.

¹² EU citizens may use a self-declaration as per Law no. 445, 28/12/2000, and subsequent amendments.

- an **interview** (for candidates whose academic qualifications pass the assessment with at least 48/80) to evaluate:
 - the extent of the candidate's knowledge in the area of their proposed research;
 - their competence in English.
- 3. Candidates who also intend to compete for potential topic-specific grants, made available after the publishing of this call, must express their intention to the admissions committee before the interview, during the identification process. Those candidates will be evaluated on the knowledge of the specific subject matter(s) of that grant.
A candidate's request for the allocation of a topic-specific grant implies that candidate's preference for the specific scholarship above all other grants.
- 4. The admissions committee awards a maximum of **200** points:
 - **80** points for qualifications;
 - **120** points for the interview.
- 5. Candidates require a **score of at least 48/80** points for their qualifications **in order to be offered an interview**.
- 6. Results following the qualifications assessment stage will be published at: [announcement of selection Webpage](#)
Information regarding interviews – times, date and venue – will be made available with at least 20 day notice at [announcement of selection Webpage](#).
Candidates must show valid ID before the start of their interview.
- 7. Candidates unable to attend their interview in person - whether because they reside abroad, or because of serious obstacles - may request a **remote interview** via video-conference in their online application. The candidates concerned must carefully fill in the relevant section of the online application ('remote interview') and identify a suitable location, at either a university or a diplomatic mission, and nominate an official who can formally confirm the candidate's identify before the interview.
Remote interviews are subject to the admissions committee's approval and to a prior technical feasibility check.
- 8. Candidates who obtain a **minimum score of 72/120** points are considered to have passed the interview.

Art. 6 – RANKINGS

1. Once the interview process has been completed, the committee will finalize their candidate ranking by combining the points assigned for qualifications with those for interview.
2. Scholarships are awarded to candidates on the basis of:
 - a) their position in the final ranking;
 - b) their position in the ranking and the number of potential scholarships available for topic-specific PhD places. The admissions committee's evaluation of a candidate's suitability based on his/her educational profile is a decisive factor in the allocation of these topic-specific scholarships.
3. Request for a topic-specific grant implies the candidate's preference for that specific scholarship with respect to the others. The successful applicant awarded the topic-specific scholarship is therefore required to accept it; renouncing the topic-specific grant results in the candidate losing his/her right to enrol in the PhD Programme.
4. Non-allocation of such scholarships results in a reduction in the number of places available.
5. The ranked list (again using candidates' application IDs) will be published on the announcement of selection Webpage.

Publication of this ranked list means that notification has been carried out officially.

Successful candidates will **not** receive any personal notification, since the ranked list of candidates will be posted on the website.

Art. 7 – ADMISSION TO THE PHD PROGRAMME AND ACCEPTANCE OF OFFER

1. Candidates will be admitted to the PhD Programme according to their position in the ranking, until all available places are filled.
2. Should two candidates obtain the same score, the candidates' economic situations shall be the deciding factor for funded places, in accordance with the criteria established by Law on 9 April 2001 and subsequent amendments and integrations.
3. Should a successful candidate withdraw before the beginning of the course (1 November 2017), the next candidate in the ranking will be admitted. Such a candidate will be expected to accept the offer **within 8 days** of receipt of communication from the relevant University Office ('PhD Office - Cognitive, Social Sciences and Humanities').
If a successful candidate withdraws or is excluded within the first three months of the first year, the PhD Programme Committee may decide to offer their place to the next candidate on the shortlist.
4. Successful candidates must confirm that they accept the PhD place offered **within 8 days** of publication of the shortlist. Offers are accepted online and instructions can be found at: <http://www.unitn.it/en/node/1928>.
5. Successful applicants holding a foreign qualification must present (if they have not already done so under former application ex Art. 4 "Application Form") to the PhD Office - Cognitive, Social Sciences and Humanities, by fax +39 0461 282191, or email: phd.office-cssh@unitn.it at least one of the following documents **by 6 November 2017**¹³:
 - *Diploma Supplement* in English (according to the model developed by the European Commission, the Council of Europe and UNESCO / CEPES);
 - alternatively the *Declaration of value* which certifies that the educational qualification is valid in the country of achievement for being admitted to Doctoral programme (third level of higher education according to the Bologna Process - European Higher Education Area; EQF level 8); The Declaration of value can be replaced by the *Statement of comparability - university qualification* awarded by the ENIC-NARIC Center in Italy (CIMEA) that contains all the information necessary for the evaluation of the qualification;
 - alternatively the Rector's Decree of "Equivalence-academic recognition of the title".
6. Successful candidates who fail to submit their acceptance according to the terms and procedures set out in par. 4 of this article, lose their right to enrol. Their places will be made available to other eligible candidates, in order of their position on the shortlist.

Art. 8 – SUPERNUMERARY POSTGRADUATE RESEARCH POSITIONS

1. In accordance with art. 20, par. 3 of the University Regulations regarding PhD Programmes, the admissions committee can admit **one extra candidate**, further to the number of places initially announced, providing that the candidate has been shortlisted and without granting a university scholarship. Such a supernumerary candidate must belong to one of the following categories:
 - a) foreign nationality, eligible in the general ranking, who are granted scholarships by other entities;

¹³ Should the Declaration of Value not be available by the given deadline, the candidate has to produce evidence of the request to the Diplomatic mission. The candidate has to provide the original Declaration of Value as soon as available.

- b) shortlisted candidates from countries which have specific inter-governmental agreements with Italy, and subsequently make a special agreement with the University, without the University of Trento being required to assume any financial obligations;
 - c) be a research fellow receiving not less than 24 months worth of grant at the date of the start of the PhD programme. The candidate must be researching a subject relevant to the PhD research programme (subject relevance to be determined by the PhD programme committee);
 - d) be employed in the public sector or state legal system. Admission is dependent on candidates being given leave of absence or exceptional leave, in accordance with article 2 of the Law of 13 August 1984, no. 476 and subsequent revisions.¹⁴
2. Candidates who wish to take advantage of the supernumerary position also have 8 days following publication of the ranking in which to request enrolment and present the necessary documentary evidence of their eligibility to Divisione Supporto Corsi di Dottorato e Alta Formazione-Polo Città e Rovereto (email phd.office-cssh@unitn.it – fax +39-0461-282191).
 3. Supernumerary enrolment is limited to the number of places specified in article 1 and is subject to the final ranking.
 4. Supernumerary candidates will receive an offer via email from the PhD office once the documentation regarding their eligibility (see par. 2 above) has been verified. They must then formally accept this offer within 8 days of receipt, using the online procedure at the link mentioned in art. 7, paragraph 4.

Art. 9 – ENROLMENT

1. Registration on the doctorate course for the successful candidates, who have accepted their places according to the procedures in the previous article, will automatically be formalized as soon as the Ministry of Education, University and Research sets out the requirements for PhD Programmes for the 2017-2018 academic year.
Should accreditation not be given, candidates who have accepted places will be notified immediately via email and the local education tax (TDS) will be refunded.

Art. 10 – INTELLECTUAL PROPERTY RIGHTS TO RESEARCH RESULTS AND PUBLICATIONS

1. Without prejudice to the Italian law on copyright (legislative decree 633/1941 and subsequent amendments), intellectual and industrial property rights on the results eventually achieved by the student, including (but not limited to) softwares, industrial inventions patentable or not, know-how, models, data and data collection, are regulated in accordance with applicable laws and University regulations and, if necessary, according to the provisions in the individual agreements with universities, companies or entities involved.

Art. 11 – DATA PROTECTION

1. The University of Trento, in accordance with the Law 196/2003 (Personal data usage), shall use the personal details provided by the candidate for the sole purpose of participation in the selection procedure.

2. Participation in the selection procedure implies, in the full respect of the above mentioned norms, that candidates implicitly accept that the results of the selection procedure be published on the University of Trento's website.
