IEEE ITALY SCHOOL OF CAREER BOOSTING

February 10-14, 2014

**Polo scientifico e tecnologico "Fabio Ferrari"
via Sommarive 5 - Trento, Italy**

The IEEE Italy Section, in cooperation with the Department of Industrial Engineering of the University of Trento, organizes the first edition of the IEEE Italy School of Career Boosting.

The School aims at providing to young graduates (Master degree or Ph.D. in technical or scientific fields) selected and useful information to boost their careers.

A great chance not only for learning new skills but also for networking and sharing experiences!

School registration free of charge

Lectures in Italian or in English

Deadline for applications: **January 11, 2014**

Scientific committee

Dario Petri, Professor at University of Trento
(Department of Industrial Engineering), Chair of IEEE Italy Section

Mario Fedrizzi, Professor at University of Trento
(Department of Industrial Engineering)
