IEEE ITALY SECTION SCHOOL OF CAREER BOOSTING

February 15-19, 2016

Polo Scientifico e Tecnologico "Fabio Ferrari"
via Sommarive 5, Trento (Italy)

The IEEE Italy Section, in cooperation with the Department of Industrial Engineering of the University of Trento, organizes the third edition of the IEEE Italy Section School of Career Boosting.

The School aims at providing to young graduates (Master degree or Ph.D. in technical or scientific fields) selected and useful information to boost their careers.

A great chance not only for learning new skills but also for networking and sharing experiences!

The lectures of the School can be either in Italian or in English.

The School registration is free of charge.

Deadline for applications: December 3, 2015

Scientific committee

Dario Petri

University of Trento (Department of Industrial Engineering)

Mario Fedrizzi

University of Trento (Department of Industrial Engineering)

Andrea Molinari
