

IEEE Italy Section School on

# FUTURE ENERGY SYSTEMS

**Energy efficiency and reliability**

February 1 - 5, 2016

Polo Scientifico e Tecnologico "Fabio Ferrari"  
via Sommarive 5, Trento (Italy)

The IEEE Italy Section in cooperation with the Department of Industrial Engineering of the University of Trento (Italy) and the Scientific Associations CMAEL, GME and GUSEE, organizes the second edition of the IEEE Italy Section School on Future Energy Systems (IEEE SFES 2016).

The goal of the School is to provide M.Sc. or Ph.D. students with state-of-the-art skills in this exciting and broad research field, thus helping them to bridge the gap between different and complementary subjects. The School offers a great opportunity not only to learn new skills, but also to create new connections between attendees and lecturers and to share experiences.

The 2016 edition of the School will be also supported by the Tyrol - South Tyrol-Trentino Europaregion: M.Sc. and Ph.D. students coming from the University of Trento, the Free University of Bozen - Bolzano and the University of Innsbruck may apply for one of the mobility grants offered within the mobility project "E3 - EUREGIO Education Training Network on Energy".

**The topic of the second edition is: energy efficiency and reliability.**

Deadline for applications: **November 19, 2015**
