Public transport

The bus stop is located in Via Rosmini (Rosmini Santa Maria Maggiore stop), around 400 metres from the building entrance.

The following bus lines reach the facilities (leaving from the train station): bus line number 2, 3, 4, 5, 8, 9, 10, 12, 14 and 17 (non-working days only).

These urban service bus lines "barrier-free" and all vehicles have a super-lowered platform, with an extractable support to allow for wheelchairs to get on/off easily, as well as reserved places complete with safety belt. For further information and to check up-to-date timetables, please go to the [dedicated page](#).

From the bus stop, head south on Via Rosmini until the crossing with Via Verdi, cross the road at the traffic light and then turn right onto Via Verdi, passing the Economics Department building until you reach the crossing with Via Inama (using the pedestrian crossing) and then carry straight on until you reach the building entrance. The route is accessible for people with motor disabilities, including wheelchair users; there is no blister paving or acoustic signals.

Own transportation means

UniTrento staff use the reserved ground-floor car park with access from Via Verdi, or another assigned car park. To access the building, leave the inner courtyard and take Via Verdi, from where you can reach the main entrance. There are no architectural barriers along the way.

Guests can park in the stalls in Via Inama, displaying their badge, and, from there, they can reach the entrance to the facilities. Alternatively, you can park in the dedicated stalls in Piazzale Sanseverino.

Please note: the route to Molino Vittoria is "barrier-free", but it is not flat.

Accessibility indications

Building entrances are barrier-free and allow visitors to autonomously access the facilities.

No information is displayed along the stairs regarding the number of steps or the floor number when you arrive.
