### Public transport

Bus line number 8 reaches the laboratories (Via Nazionale stop or, for some routes, the Regole stop). This bus line is "barrier-free", and all vehicles have a super-lowered platform, with an extractable support to allow for wheelchairs to get on/off easily, as well as reserved places complete with safety belt. For further information and to check up-to-date timetables, please go to the [dedicated page](#).

Although the route is accessible, it does present some difficulties for people with motor disabilities, as it is almost entirely uphill. There is no blister paving or acoustic signals.

## **Own transportation means**

UniTrento staff use the internal car park. After reporting to reception, guests can park in the dedicated stalls near the entrance, situated just a few metres from the entrance to the facilities.

## **Accessibility indications**

The complex is divided into several buildings: all entrances are barrier-free. No information is displayed along the stairs regarding the number of steps or the floor number when you arrive.
