Any increase in the number of scholarships or other means of financial support shall result in a corresponding increase in the total number of available places. Such occurrence will be communicated [on line](#), and nowhere else.

IMPORTANT:

- The results of the selection process will be published at the [selection's webpage](#), together with the list of applicants (using their application ID) that are not admitted to the selection after a formal check or after the evaluation of the foreign qualifications. No personal note will be sent to candidates. The University of Trento website is the only official source of information on the selection process.
- Instructions pertaining to the date, time and location of the oral examination/interview will be published at least 20 days before they take place on the [selection's webpage](#). Failure to present the candidate, for whatever reason, on the day, at the time and place of the scheduled tests is considered as a withdrawal from participation in the selection.  - an Italian "Laurea Magistrale" (Master's Degree) or degree issued in accordance with the regulations in force prior to Ministerial Decree no. 509 of 3 November 1999, amended by Ministerial Decree no. 270 of 22 October 2004;
 - or a second level university degree awarded by an Italian "AFAM" Institute (Artistic and Musical Higher Education);

- Applications are also accepted from candidates who do not hold the required degree but expect to obtain it **by October 31, 2023**. In this case admission to the PhD Course will be subject to confirmation. The candidate must submit the certificate proving the obtained qualification or self-certification (using [Form A](#)) to the PhD Office - Cognitive, Social Sciences and Humanities (email: phd.office-cssh@unitn.it) **no later than November 10, 2023**. Failure to provide the certificate by this date **will lead to exclusion**.
- It is in the applicant's interest to provide relevant and useful information for evaluation, especially if the higher education system of the country where the title was obtained is not comparable with the Italian one. The committee has the right to request additional information to assess the applicant's eligibility.
- Candidates who have already obtained a PhD degree can apply for a second PhD Programme only if the main research topics and scientific-disciplinary fields of the Doctorate programme for which the title was obtained are different. For applicants who have already benefited - even partially - from a doctoral scholarship the admission to the new PhD Programme can't be covered by a scholarship³.
- At the [selection's webpage](#) will be available the ID candidates list whose academic degree has been considered not eligible for the admission selection by the Admission Committee.

¹The eligibility of a foreign academic degree will be assessed by the Admission Committee, following the rules in force or the academic degrees' recognition international treaties.

⁹ The University of Trento has signed an agreement with the CIMEA Association for the evaluation and verification services of foreign qualifications through the use of the Diplome platform. For the issue of ENIC-NARIC certificates, the University of Trento has activated a collaboration with CIMEA. Further information is available at: <https://international.unitn.it/incoming/diploma-verification>.

- Title
- Abstract (150 words = 900 characters)
- proposal (3000 words = 18.000 characters)

Candidates can nominate **two referees**. Within 24 hours of the candidate completing and saving the referee section, the system will send an automatically generated email to the referee, giving instructions on how to complete and send the reference form.

Candidates are advised to make sure that their references are uploaded onto the website no later than the first step of the selection process (see dates and details at the [selection's webpage](#)).

13. If candidates have to upload further documents after the complete closing of their online application procedure, they are required to deliver additional documents **within the application's deadline** to the following email address: ateneo@unitn.it (please state in the email subject: "Application ID – Candidate's Last Name and Name – PhD Programme in –39th cycle – supplement to application"). Additional materials which are not delivered using the specified method shall not be accepted.

Art. 5 – POSITIONS RESERVED TO APPLICANTS WORKING FOR ACADEMIC INSTITUTIONS OR RESEARCH CENTERS IN ITALY OR ABROAD

1. Applicants who collaborate with academic institutions or research centres in Italy or abroad can choose to compete for the place reserved for them only (see attachment 1, Doctoral Form 2 - PhD Programme in Sociology and Social Research).
2. When completing the online application for admission, they must choose the item "*Reserved position for applicants working for academic institutions/research centres*" in the section "Reserved positions" and attach, in addition to the documents indicated in the previous art. 4 of this call for applications, a declaration stating that they are effectively working for an academic institution or research centre in Italy or abroad, specifying the duration of the contract¹², the contract amount (minimum amount equal to the amount of the doctoral scholarship of the University of Trento as indicated at the webpage [Doctoral scholarships](#)) and the kind of activities they are engaged in.
3. The selection for this position will be made in the same manner and on the same dates as the selection for the other positions.
4. For this reserved position the Selection Committee will draw up a separate ranking list.

¹⁰ If no English certificate is provided in the application, the English knowledge will be tested during the interview.

¹¹ Failure to provide reference forms does not result in the exclusion from the selection procedure.

¹² It has to be a **formalized collaboration** lasting at least **24 months** from the start date of the Doctoral Programme.

In the case there are no eligible applicants, the place reserved for applicants working for academic institutions or research centres in Italy or abroad that has remained available cannot be assigned to other applicants.

Art. 6 – SELECTION'S PROCEDURE

1. The Admission Committees are appointed by the Rector, advised by each PhD Programme Committee. Each Admission Committee is composed of at least three members chosen from among the university's permanent professors and researchers, including non-Italians, from the academic fields related to the PhD Programme. The Committee may also include a maximum of two other experts, including non-Italians, from either public or private research institutes.
2. The exams may take place in one of two modalities (at the candidate's choice):
 - a) at the University of Trento. Applicants are requested to show a valid ID document before the test/interview begins. Should the candidate fail to attend the exam for whatever reason this will be considered as renunciation of participation in the selection procedure;
 - b) by videoconference by using audio-video connection devices that allow the correct identification of the participants (by webcam) and the carrying out of the interview in public. The starting time of the exams will be scheduled by the Commission. Candidates must provide the same identification document attached to the application form. Failure to participate on the day or at the appointed time, or not providing ID documents will result in exclusion from the competition. The University accepts no responsibility in the case of technical problems that do not guarantee the proper conduct of the interview or the test.
3. Information regarding the date, time and place (University of Trento, if in presence) at which the interview will be held will be provided at least 20 days prior to the date of the exams on the competition website. Any changes to the dates of the selection will be published on the same website.

Art. 7 – LIST OF SUCCESSFUL APPLICANTS

1. Every Committee draws up a merit-based list of successful applicants¹³ and one separate ranking list for the position reserved to applicants working for academic institutions or research centers in Italy or abroad, engaged in highly qualified research activities that will be published at the [selection's webpage](#).
2. The available positions are assigned to short-listed applicants according to:
 - a. rank order;
 - b. candidate's eligibility for topic-specific grants. Please note that topic-specific grants are assigned following the ranking and until their maximum number is filled.
 - c. for positions reserved to applicants working for academic institutions or research centers, the applicant's eligibility for that specific position.
3. The candidate who has been awarded a topic-specific grant, must accept it since the choice for a topic-specific grant he/she expressed in the application or to the Committee before the oral examination (in case of scholarships made available after the publication of this call), implies the candidate's preference for the award of that specific scholarship with respect to the others. Renouncing the topic-specific grant implies the exclusion of the candidate from the right to enroll in the PhD Programme. Unassigned topic-specific grants will result in the reduction of positions.

Art. 8 – ADMISSION TO THE DOCTORAL PROGRAMME AND ACCEPTANCE OF THE POSITION

1. Candidates will be admitted to the PhD Programme according to their position in the ranking, until all the available places are filled.
2. Should two candidates obtain the same score:
 - as regards the awarding of the scholarship, the candidates' economic situations shall be the deciding factor, in accordance with the criteria established by the Law of 9 April 2001 and subsequent amendments and integrations;
 - when neither candidate has applied for a scholarship, the younger of the two candidates will be selected.
3. If a successful candidate withdraws before the beginning of the course (November 1st 2023), the next candidate in the ranking will be admitted.

¹³ Successful candidates will be listed using their **application ID**. Candidates are therefore requested to take careful note of the application ID generated by the system once they have finished their online application.

This candidate is expected to accept the offer **within 8 days** of the date of the communication from the PhD Office - Cognitive, Social Sciences and Humanities.

If a candidate withdraws or is excluded before the end of the first quarter of the first year, the PhD Programme Committee may decide to offer his/her place to the next candidate on the shortlist.

5. Admitted applicants with a qualification that has not been awarded in Italy must deliver (if they had not already done so during the application phase – “Application procedure”) the PhD Office - Cognitive, Social Sciences and Humanities (email: phd.office-cssht@unitn.it) **by November 10, 2023**:

alternatively
 - **Statement of comparability of foreign university qualifications**¹⁶ issued by the ENIC-NARIC Center in Italy (CIMEA) that contains all the information necessary for the assessment of the qualification.

Admission to the Doctoral Programme for successful candidates who do not provide the required above-mentioned documents by November 10, 2023 will be “conditional” and the applicants will be excluded from the Doctoral Programme if:

- they do not deliver the documents within 6 months from the starting date of the Programme;
- upon verification, their title is not in compliance with the requirements of this call for selection.

Forfeiture from the course will result in the obligation to return any monthly scholarship money received.

Art. 9 – SUPERNUMERARY POSITIONS
