

Annex 1

Study Plan and Mobility Scheme

a) A UniTrento student selected to undertake the DDP shall, if not otherwise agreed upon by the Bilateral Committee,

- take the 1st and 2nd semester of the LMP **at UniTrento** subject to the rules and regulations of the LMP (60 CFU),
- and in the 3rd semester take **at the University of Tübingen** the module "Fachliche Spezialisierung" (15 ECTS) and the module "Methodenkenntnis und Projektplanung" (15 ECTS) subject to the rules and regulations of the M.Sc. for UniTrento students participating in the DDP,
- and in the 4th semester
 - o either **(option A1)** take **at the University Tübingen** the module "Modul Master-Arbeit" (consisting of the Master thesis and [if provided for in the study and examination regulations ("Studien- und Prüfungsordnung") or in the module manual ("Modulhandbuch") of the M.Sc.] oral examination in the "Modul Master-Arbeit"; 30 ECTS) subject to the rules and regulations of the M.Sc. for UniTrento students participating in the DDP,
 - o or **(option A2)** take **at UniTrento** the complete final exam of the LMP ("prova finale", consisting of the Master thesis of the LMP and the oral exam ["esame finale"] of the LMP; 42 CFU) subject to the rules and regulations of the LMP at UniTrento.

The courses for which mutual acknowledgement can be granted for each student participating in the DDP need to be approved as such by the Bilateral Committee (e.g. in a learning agreement with the student) and for the M.Sc. at the University of Tübingen in addition need to be specified as such in the study and examination regulations ("Studien- und Prüfungsordnung") or in the module manual ("Modulhandbuch") or be approved by the examination board ("Prüfungsausschuss") of the M.Sc.

The courses successfully completed at University of Tübingen according to the aforementioned provisions will then be transferred to UniTrento and will be recognized by UniTrento,

- thus in the case of **option A1** the module "Fachliche Spezialisierung" (15 ECTS), the module "Methodenkenntnis und Projektplanung" (15 ECTS) and the module „Modul Master-Arbeit" (30 ECTS) substituting the complete courses of the 3rd and 4th semester of the LMP (60 CFU) including the final exam of the LMP ("prova finale", consisting of the Master thesis of the LMP and the oral exam ["esame finale"] of the LMP),
- or in the case of **option A2** the module "Fachliche Spezialisierung" (15 ECTS) and the module "Methodenkenntnis und Projektplanung" (15 ECTS) substituting other courses of the LMP worth 30 CFU.

The final exam of the LMP ("prova finale", consisting of the Master thesis of the LMP and the oral exam ["esame finale"] of the LMP; 42 CFU) completed at UniTrento according to **option A2** will

also be transferred to University of Tübingen and will be recognized by University of Tübingen as substituting the module "Modul Master-Arbeit" (30 ECTS) of the M.Sc.

b) University of Tübingen students may apply for the double degree program as provided for in the applicable regulations of the Master of Science in Physik at University of Tübingen.

University of Tübingen students selected to undertake the double degree program shall, if not otherwise agreed upon by the Bilateral Committee,

- take **at UniTrento** subject the rules and regulations of the LMP 4 elective courses ("Insegnamenti a scelta vincolata") of the LMP (each earning them 6 CFU towards the LMP and 6 ECTS towards the M.Sc.),
- and
 - o either **(option B1) at UniTrento** also successfully complete the final exam of the LMP ("prova finale", consisting of the Master thesis of the LMP and the oral exam ["esame finale"] of the LMP; 42 CFU) subject the rules and regulations of the LMP,
 - o or **(option B2) at University of Tübingen** successfully complete the module "Modul Master-Thesis" (consisting of the Master thesis and [if provided for in the study and examination regulations ("Studien- und Prüfungsordnung") or in the module manual ("Modulhandbuch") of the M.Sc.] oral examination in the "Modul Master-Thesis"; 36 ECTS) subject to the rules and regulations of the M.Sc. for University of Tübingen students participating in the DDP.

The courses for which mutual acknowledgement can be granted for each student participating in the DDP need to be approved as such by the Bilateral Committee (e.g. in a learning agreement with the student) and for the M.Sc. at the University of Tübingen in addition need to be specified as such in the study and examination regulations ("Studien- und Prüfungsordnung") or in the module manual ("Modulhandbuch") or be approved by the examination board ("Prüfungsausschuss") of the M.Sc.

The courses successfully completed at UniTrento according to the aforementioned provisions will then be transferred to University of Tübingen and will be recognized by University of Tübingen,

- thus in the case of **option B1 and Option B2** the 4 elective courses ("Insegnamenti a scelta vincolata") of the LMP substituting the modules "Wahlpflichtkurs 1" (6 ECTS), "Wahlpflichtkurs 2" (6 ECTS), "Wahlpflichtkurs 3" (6 ECTS) and "Wahlpflichtkurs 4" (6 ECTS) of the M.Sc. required according to the applicable study and examination regulations of the M.Sc. from University of Tübingen students participating in the DDP for earning the M.Sc.,
- and in the case of **option B1** in addition the final exam of the LMP ("prova finale", consisting of the Master thesis of the LMP and the oral exam ["esame finale"] of the LMP) substituting the module "Master-Thesis" (36 ECTS) of the M.Sc. required according to the applicable study and examination regulations of the M.Sc. from University of Tübingen students participating in the DDP for earning the M.Sc.

The module "Modul Master-Thesis" of the M.Sc. (36 ECTS) completed at University of Tübingen according to **option B2 and** in the case of **option B1 and option B2** the courses successfully

completed during a Bachelor's degree in Physics (B. Sc. in Physik, 8 semester, 240 ECTS) awarded by the University of Tübingen will also be transferred to UniTrento and will be recognized by UniTrento as substituting the other courses required for the LMP (in the case of option B1: 54 CFU; in the case of option B2: 96 (=60+36) CFU).

The Master thesis shall in the case of option A1 and option B2 be co-supervised by an academic tutor of UniTrento, in the case of option A2 and option B1 be co-supervised by an academic tutor of University of Tübingen.
