### IMPORTANT

The following will be published on the [Announcement Webpage](#) using **application IDs** only: results of the selection process (qualification assessments and interview); a list of any applicants automatically excluded after formal checking; a list of any applicants whose foreign qualifications are judged to be inadequate by the Admission Committee.

Publication on this webpage means that notification has been carried out officially; candidates will not receive any personal notification. Without prejudice to the provisions in article 6 para. 4 and Article 7 para. 5 below, notifications relating to the application will be sent by email to the address linked to the account registered on the system at the moment the application is closed. For candidates who have just completed or have ongoing work at the University of Trento, please check that the email address is correct at this link: [Profile data](#). If changes to personal contact details are necessary once the application has closed, please advise the PhD Office - Cognitive, Social Sciences and Humanities ([phd.office-cssh@unitn.it](mailto:phd.office-cssh@unitn.it)).

## Art. 2 – ADMISSION REQUIREMENTS

- Applications for admission to the selection process are accepted from individuals, regardless of gender, age and nationality, who hold:
  - an Italian “Laurea Specialistica o Magistrale” (*Master’s Degree*) according to Ministerial Decree no. 270 of 22 October 2004 or a university degree awarded under the previous Italian regulations;
  - or a second-level university degree awarded by an Italian “AFAM” Institute – Alta Formazione Artistica e Musicale, Artistic and Musical Higher Education),
  - or an equivalent degree qualification obtained abroad (*Master’s degree*) at an officially recognized academic institution, which:
    - gives the holder access to PhD studies in the country/higher education system of provenance (unless substantially different);
    - is equivalent to an Italian Laurea Magistrale (*Master’s Degree*) in terms of duration, level and subject area<sup>1</sup>
    - is considered eligible<sup>2</sup> by the admission committee for the sole purpose of entry to the PhD programme.
- Applicants are also accepted from candidates who don’t hold the required degree but expect to obtain the requested qualification (para. 1 above) **by 15 June 2023**. Admission, in this case, is “conditional”: applicants must submit the degree certificate or self-declaration (see [Form A](#)) to the PhD Office - Cognitive, Social Sciences and Humanities (email: [phd.office-cssh@unitn.it](mailto:phd.office-cssh@unitn.it)) **no later than 21 June 2023** or will be **excluded** from the selection process.
- It is in the applicant’s interest to provide all relevant and useful information for evaluation, especially if the higher education system in the country where the qualification was conferred is not comparable with the Italian system. The admission committee may request further documentation to fully assess an applicant’s eligibility.
- Applicants who have already completed a PhD degree may be considered for a second PhD only if the research topics and main scientific-disciplinary fields of the two doctorates are different. For applicants who have already benefited - even partially - from a scholarship, admission to the new PhD Programme can’t be covered by a scholarship<sup>3</sup>.
- The application IDs of students whose qualifications are considered ineligible by the admissions committee will be posted on the [Announcement Webpage](#).

## Art. 3 – THE DOCTORAL PROGRAMME

- The Doctoral Programme focuses on the study of both literary texts and cultural phenomena from two complementary perspectives:

<sup>1</sup> For more information on the Italian University system visit the webpage: <http://www.studiare-in-italia.it/study/new-degrees.html>

<sup>2</sup> The eligibility of the foreign qualifications is assessed by the Admission Committee in accordance with the legislation in force and with international treaties or agreements concerning the recognition of qualifications for continuing studies.

<sup>3</sup> [Opinion from the National University Council \(CUN\)](#) of 20 March 2008; Note from the Ministry of Education University and Research (MIUR) of 14 September 2010 no. 1746; art.6 para.2 of Law no.398 of 1989 “Regulations about university scholarships”.

- a. the study of texts from a historical, linguistic, and philological perspective, with core focus on the process of production, dissemination and reception in different historical periods as well as the range of problems clustered around the interpretations of texts.
  - b. the study of intercultural exchanges within – and applied to – such fields as linguistics, literary studies, philology, history and history of art, with special attention to cultural exchanges between neighbouring areas, both in a synchronic and a diachronic perspective (Antiquity, Middle Ages, Modernity).
2. The Doctoral Programme aims to combine these two lines of research so as to provide young researchers with extensive and in-depth academic competence in examining texts and cultural phenomena through a wide range of methodologies which represent different aims and approaches and yet remains open to discussion.
  3. The Programme accordingly provides training that is multidisciplinary and interdisciplinary as well as specialized through the adoption of the above-mentioned perspectives, and this is made possible by the involvement of scholars from the Department of Letters and Philosophy of the University of Trento and other Italian and foreign teachers. Students will also avail of the Digital Humanities services provided by the Department as well as the activities by the departmental research centers: Literary Laboratory (LaborLET) and Laboratory of Ancient Sciences (LabSA).
  4. The Programme offers training on a yearly basis to provide students with advanced skills in the specific fields of literary studies, linguistics, philology, and intercultural exchanges. The course offerings comprise a series of specific seminars. The seminars are run by scholars from the University of Trento as well as by international scholars affiliated with the Department of Letters and Philosophy. Doctoral students are required to take active part in these activities, producing reports and thus honing their research and expository writing skills. The training offerings of the Programme are further expanded by other activities (e.g. lectures and conferences) organised at the University of Trento, as well as those organised by partner Universities.
  5. The calendar and seminar titles will be detailed in the course syllabus. Taught courses cover the following topics:
    - a) research methodology courses in the specific areas covered by the Doctoral Programme;
    - b) cross-curricular courses to train students in research skills and communication;
    - c) thematic and disciplinary seminars;
    - d) seminars focused on the presentation and discussion of in-progress research projects;
    - e) courses and seminars at other institutions in Italy and abroad;
    - f) participation in conferences, seminars and workshops at the University of Trento and at other institutions.
  6. The Programme encourages and supports PhD students willing to pursue their research activities abroad whenever stays at foreign institutions are consistent with the research project.
  7. The Programme also encourages thesis co-supervision agreements with foreign universities.
  8. The international scope of the Doctoral Programme is guaranteed by the affiliation of teachers from foreign research institutions, by educational and scientific cooperation agreements with foreign universities as well as by joint educational initiatives between the Programme and foreign institutions.

#### **Art. 5 – RETURN OF CERTIFICATES AND PUBLICATIONS**

1. Certificates and publications submitted by post can be collected by applicants three to five months after the final ranking is published (unless any dispute is ongoing). Documents can be collected in person or returned by post. For the latter, you must make a request to the administration office and pay postal expenses.  
Once five months have elapsed from the publication of the final ranking, the University is no longer obliged to return documents.

#### **Art. 6 – CANDIDATE ASSESSMENT**

1. Assessment is carried out by an Admission Committee, appointed by the Rector. This is composed of at least three members chosen from teaching and research staff working in Italy or abroad, who are qualified in the disciplines related to the Doctoral Course. The Committee may also include a maximum of two other experts, of any nationality, selected from either public or private research institutes.
2. The oral exam is designed to ascertain the candidate's level of knowledge and aptitude for scientific research, with specific reference to the chosen field.  
The selection consists of:
  - assessment of CVs, qualifications and research proposal referred to in art. 4 above, according to criteria set by the committee;
  - oral exam.
3. Candidates who intend to compete also for one of the two topic-specific grants, indicated in article n.1 of this call, must express their interest in the online application. They will be evaluated on the knowledge of the specific subject matter of that grant. Candidates may also opt for topic-specific grants made available after the deadline of this call. In order to be considered for the additional topic-specific grant/s, the candidates must express their intention to the Committee before the oral exam. The option for a topic-specific grant expressed by a candidate implies the preference of the candidate for the award of that specific scholarship with respect to all others.
4. The admission committee assigns up to 100 points as follows:
  - max 20 points for CV and qualifications;
  - max 30 points for the research project;
  - max 50 points for the oral exam.Candidates must have at least 30 points following assessment of CV, qualifications and research project to be admitted to the oral exam.
5. The oral exam can be held in Italian or in English and is aimed at verifying the level of knowledge possessed in the disciplinary field of the research project presented.  
In any case, the candidates will have to demonstrate a good linguistic competence in a language of their choice among French, English, Italian, Spanish and German, different from the language of the interview. Applicants competing for one of the two subject-

<sup>10</sup> See <http://europass.cedefop.europa.eu/en/resources/european-language-levels-cefr>

specific grants are required to have an excellent knowledge of English.

6. The oral exam is considered passed with a minimum score of 30.
7. Results from the first stage of the assessment process will be posted at: <http://www.unitn.it/en/node/1964/11>.
8. The interview may take place in one of two modalities (at the candidate's choice):
  - a) at the University of Trento. Applicants are requested to show a valid ID document before the interview begins. Should the candidate fail to attend the interview for whatever reason this will be considered as renunciation of participation in the selection procedure;
  - b) by videoconference by using audio-video connection devices that allow the correct identification of the participants (by webcam) and the carrying out of the interview in public. The starting time of the interviews will be scheduled by the Commission. Candidates must provide the same identification document attached to the application form. Failure to participate on the day or at the appointed time, or not providing ID documents will result in exclusion from the competition. The University accepts no responsibility in the case of technical problems that do not guarantee the proper conduct of the interview.

Information regarding the date, time and place (University of Trento, if in presence) at which the interview will be held will be provided at least 20 days prior to the date of the interview on the [competition website](#).

Any changes to the date of the interviews will be published on the same website.

### Art. 7 – RANKING

1. Once the oral examinations have been concluded, the committee adds the points awarded at each stage (CV, research proposal and oral exam) and ranks the candidates according to their overall scores.
2. Scholarships are assigned to candidates on the basis of:
  - a) their position in the final ranking;
  - b) candidate eligibility for topic-specific grants. The Admissions Committee's evaluation of a candidate's suitability based on his/her educational profile is a decisive factor in the allocation of these topic-specific scholarships. Please note that topic-specific grants are assigned following the ranking and until their maximum number is filled.
3. The candidate who has been awarded a topic-specific grant, is required to accept it since the choice for a topic-specific grant he/she expressed, implies the candidate's preference for the award of that specific scholarship with respect to the others. Renouncing the topic-specific grant results in the candidate losing his/her right to enroll in the PhD Programme.
4. Non-allocation of topic-specific scholarships, will result in the reduction of the number of places available.
5. The ranked shortlist (using application IDs) will be published at [Announcement Webpage](#).  
**Publishing this list on the website fulfils legal publication requirements. No personal communications will be sent.**

### Art. 8 – ADMISSION TO THE PHD PROGRAMME AND ACCEPTANCE OF THE OFFER

1. Applicants will be admitted to the PhD programme according to rank in the final shortlist until all available positions have been filled.
2. Should several candidates have the same overall score and be tied for a funded place, then the candidates' economic situations shall be the deciding factor, in accordance with the criteria established by Law on 9 April 2001 with subsequent amendments.
3. If a successful candidate withdraws before the beginning of the course (1 November 2023), the next candidate on the shortlist will be contacted.  
This candidate is expected to accept the offer within 8 days from the day after having received the offer from the PhD Office - Cognitive, Social Sciences and Humanities.  
If an eligible candidate withdraws or is excluded in the first three-months term of the first year, then the coordinating committee for the PhD programme will decide whether or not to offer the vacated place to the next candidate on the shortlist.
4. Successful candidates must confirm that they accept the PhD position offered, using the online process (instructions available at the webpage: <http://www.unitn.it/en/node/1928/>) **within 8 days** following publication of the results.
5. Admitted applicants with a qualification that has not been awarded in Italy must deliver to the PhD Office - Cognitive, Social Sciences and Humanities, in advance by email ([phd.office-cssh@unitn.it](mailto:phd.office-cssh@unitn.it)) if they had not already done so during the application phase – "Application procedure", the following documents **by November 8, 2023**:

---

<sup>11</sup> Results will be posted using candidates' application IDs.

- original or certified copy of the **academic diploma of the Master degree** (Master of Science/Arts or equivalent) **together with the academic transcript of records**, possible official translations, legalized<sup>12</sup> or with an apostille affixed (*verify the fulfilment of the requirements set by the issuing country of the title*);
- **Diploma Supplement** (if provided for by the university where the title was issued, it is commonly used within the member countries of the European Higher Education Area (EHEA)).  
*alternatively*
- **Declaration of Value** issued by the Italian diplomatic or consular representations country of origin of the institution that issued the title  
*alternatively*
- **Statement of comparability of foreign university qualifications** issued by the ENIC-NARIC Center in Italy (CIMEA<sup>13</sup>) that contains all the information necessary for the assessment of the qualification.

In case the Diploma Supplement, or the Declaration of Value, or the Statement of comparability are not available by November 8, 2023, admitted applicants must deliver a document showing that they asked the University/the Italian diplomatic or consular representations/the ENIC-NARIC center for the documents to be issued.

Admission to the Doctoral Programme for successful candidates who do not provide the required above-mentioned documents by November 8, 2023 will be "conditional" and the applicants will be excluded from the Doctoral Programme if:

- they do not deliver the documents within 6 months from the starting date of the Programme;
- upon verification, their title is not in compliance with the requirements of this call for selection.

Forfeiture from the course will result in the obligation to return any monthly scholarship money received.

A successful candidate who fails to confirm that he/she accepts the PhD position offered, in the time or manner detailed in point 4 of this article, is considered to have turned down the offer. The position is then offered to the next candidate on the shortlist.

## Art. 9 - ENROLMENT ON THE DOCTORAL COURSE

1. Candidates who have accepted positions by following the procedures in art. 9, will automatically be formally enrolled on the PhD programme as soon as the accreditation process for AY 2023-2024 has been completed by the Ministry of Education, University and Research.  
Should accreditation not be given, candidates will be notified straightaway by email and university fees (TDS) will be refunded.
2. To complete the enrolment, candidates who have **graduated abroad**, upon arrival in Trento, must present the official documents (in original or copy conforming to the original) of the scanned versions attached to the online application in the phase of admission to the competition or during the matriculation process to allow the appropriate verification of the validity of the qualifications, also through the national information centres for the recognition of foreign qualifications, belonging to the ENIC-NARIC network. Until this has been completed, candidates are admitted to the course conditionally and will be excluded if their qualifications do not meet requirements.
