Art. 2 – PHD PROGRAMME AND THEMES

The PhD programme in International Studies focuses on the study of complex international phenomena, which often prove comprehensible only when analysed with the support of various, interconnected disciplines.

The doctoral programme will focus on the following themes:

- International Security;
- European Studies and Integration Process;
- Global Dimension of Environment;
- Human Rights and International Relations.

For this reason, the course takes a multidisciplinary approach that combines solid foundations in one or more reference disciplines with the discovery of methodologies, concepts and keys to interpretation that derive from the other core sectors in international studies.

The doctoral programme includes:

- two methodological courses;
- a multidisciplinary (economics, law, political science, sociology, history) seminar-type course on the topics of the research clusters that characterise the School of International Studies;
- a rich programme in Academic Writing designed to strengthen scientific writing skills in English in preparation for the final thesis, as well as for other written work (articles, reviews, etc.) necessary in research work.

Students wishing to undertake a thesis in the field of economics will have the opportunity to acquire further tools for economic and quantitative analysis through a series of advanced courses (international economics, econometrics).

A series of Guest Lectures presented by professors invited by the School of International Studies, and meetings with practitioners working in international organisations together with short intensive courses to strengthen *soft skills* (covering areas such as *project management*, *drafting of a policy briefs*, or *research project proposal writing* for competitive tender, for example) complete the programme offered.

Starting with the 39th cycle, SIS has signed a scientific collaboration agreement with the doctoral school DESPEG (Université Côte D'Azur), in order to enhance the multidisciplinary teaching and research activities useful for completing the thesis (<https://ed-despeg-unice.fr/>)

A detailed description of the PhD programme is available at <http://www.unitn.it/drsis/node/128>

EDUCATIONAL OBJECTIVES

At the end of the doctoral course, students must be able to:

- understand the fundamental theoretical approaches on which the disciplines underlying International Studies are based (political science, law, economics);
- use analytical and empirical research tools, appropriate to International Studies and to their reference discipline, in response to innovative research questions;
- demonstrate familiarity with the tools required for sending articles and reviews to national and international scientific journals; submit research projects to academic and non-academic scientific commissions; present research results in public.

Art. 3 – ADMISSION REQUIREMENTS

1. Applications for admission to the PhD programme described above are accepted from candidates (regardless of gender, age or nationality), who hold:
 - a) an Italian “Laurea Specialistica” o “Laurea Magistrale” (*Master's Degree*) or degree issued in accordance with the regulations in force prior to Ministerial Decree no. 509 of 3 November 1999, amended by Ministerial Decree no. 270 of 22 October 2004;
 - b) or a second level university degree awarded by an Italian “AFAM” Institute (Artistic and Musical Higher Education)
 - c) or an equivalent degree qualification (*Master's degree*) obtained abroad at an officially recognised academic institution which gives access to an academic course equivalent to the PhD in the country/higher education system where the degree was issued (unless there are substantial differences). Foreign qualifications must be equivalent to the Italian ‘*Laurea Magistrale*’ (*Master's degree*) in terms of duration, level and subject area¹ and must be evaluated as suitable² by the Admissions Committee for the sole purpose of participating in this admissions process.

The Admissions Committee may request further documentation via the administrative offices, if deemed necessary in order to establish suitability of the qualification before the start of the selection process.
4. Applications are also accepted from candidates who have already obtained a PhD degree if the main research topics and scientific-disciplinary fields of the Doctorate programme for which the title was obtained are different from those described in the Art.2. - *Diploma Supplement*⁷ (according to the model developed by the European Commission, the Council of Europe and UNESCO / CEPES), or:

⁶ The ID numbers of candidates not admitted due to submission of incomplete applications will be published at: <http://www.unitn.it/en/ateneo/1946/announcement-of-selection>

⁷ The Diploma Supplement is a document attached to the final qualification, intended to improve international "transparency" and to facilitate academic and professional qualification recognition (diplomas, degrees, certificates etc.). The Diploma Supplement must be issued by the same institution which has given the diploma. <http://www.cimea.it/en/servizi/il-sistema-italiano-di-istruzione-superiore/diploma-supplement.aspx>

- *Declaration of value*⁸ which certifies that the educational qualification is valid in the country of achievement for being admitted to Doctoral programme (third level of higher education according to the Bologna Process - European Higher Education Area; EQF level 8), or;

The proposal will be used for admission purposes to assess the candidate's analytical and methodological abilities and can provide a basis for the doctoral thesis. The precise thesis topic will be defined during the first year together with the supervisor.

The success of a thesis project depends on the close match between PhD student and faculty research interests. For this reason, interested applicants are recommended to consult the **research profiles** of the faculty and present a proposal in line with the research activities of the School of International Studies, or on the specific topic carrying a scholarship.

Research activities at SIS revolve around the following main topics:

- International Security;
- European Studies and Integration Processes;
- Global Dimension of Environment;
- Human Rights and International Relations.

Further information about the research activities and projects carried out at the School of International Studies is available at <http://www.sis.unitn.it/159/research-at-the-sis>

Candidates are advised to indicate a potential thesis supervisor in their proposal after consulting the list of teaching staff and respective research topics at <https://www.sis.unitn.it/39/faculty>; <https://www.unitn.it/drsis/139/phd-program-committee>.

E. a **short statement of purpose in English** (max. 500 words) outlining their reasons for undertaking doctoral research and for choosing International Studies at the University of Trento;

F. a **certificate** attesting the candidate's **knowledge of English** at C1¹⁰ level or higher in the Common European Framework of Reference for Languages (CEFR). As an **alternative** to the certificate, it is possible to attach one of the following documents:

- In the absence of such certificates or statements, candidates can submit a declaration¹¹ made by the company or organisation for which they have worked, that states they have at least two years of full-time or equivalent overseas or international experience, and that English is the language of communication in that company or organisation.

9. OPTIONAL ATTACHMENTS:

a) **up to two reference letters** in English.

Candidates may nominate two people as referees. Within 24 hours of the candidate completing and saving the relevant section, the system will send an automatically generated email to each referee, giving instructions on how to complete and return the form.

⁸ See: <http://www.cimea.it/en/servizi/procedure-di-riconoscimento-dei-titoli/glossario.aspx>; <http://www.studiare-in-italia.it/studying/info-07.html>

Candidates are advised to check with their referees to make sure that their references are uploaded onto the website by **15 May 2023**.

- b) any other documents which help demonstrate the candidate's research skills (awards, scholarships, post-graduate study and research, etc.);
10. If the candidate needs to upload further documents after completing their online application and closing the procedure, they are required to deliver these **by the deadline for application** to the following email address: ateneo@unitn.it (stating in the email's subject field: "Application ID – Surname and Name – PhD Programme in International Studies – 39th cycle – supplement to application"). Additional material will only be accepted if sent by the method specified.

Art. 5 – ASSESSMENT OF APPLICATIONS

1. The evaluation of the applications is carried out by an Admissions Committee, appointed by the Rector. It is composed of a minimum of three members chosen from among the university's permanent professors and researchers, including non-Italians, qualified in the academic fields related to the PhD Programme. The Committee may also include a maximum of two other experts, of any nationality, selected from either public or private research institutes.
2. The selection is based on:
 - an **assessment of qualifications** (see Art. 3 of this announcement) in accordance with the criteria established by the Admissions Committee;
 - an **interview** (for candidates whose academic qualifications have been assessed at least 30/40) to evaluate:
 - the extent of the candidate's knowledge in the area of their proposed research;
 - their language skills in English.
3. Candidates who also intend to compete for potential topic-specific grants, **made available after the publishing of this call**, must express their intention to the Admissions Committee before the assessment of the qualifications. Those candidates will be evaluated on the knowledge of the specific subject matter(s) of that grant. A candidate's request for the allocation of an eventual topic-specific grant implies that candidate's preference for the specific scholarship above all other grants.
4. The Admissions Committee awards a maximum of **100** points:
 - **40** points for qualifications;
 - **60** points for the interview.
5. Candidates require a **score of at least 30/40** points for their qualifications **in order to be offered an interview**.
6. Candidates who obtain a **minimum** score of **45/60** points are considered to have **passed** the interview.
7. Results following the qualifications assessment stage will be published at: [announcement webpage](#).
8. The interview may take place in one of two modalities (at the candidate's choice):
 - a) at the University of Trento. Applicants are requested to show a valid ID document before the interview begins. Should the candidate fail to attend the interview for whatever reason this will be considered as renunciation of participation in the selection procedure;
 - b) by videoconference by using audio-video connection devices that allow the correct identification of the participants (by webcam) and the carrying out of the interview in public. The starting time of the interviews will be scheduled by the Commission. Candidates must provide the same identification document attached to the application form. Failure to participate on the day or at the appointed time, or not providing ID documents will result in exclusion from the competition. The University accepts no responsibility in the case of technical problems that do not guarantee the proper conduct of the interview.

Information regarding the date, time and place (University of Trento, if in presence) at which the interview will be held will be provided at least 20 days prior to the date of the interview on the competition website.

Any changes to the date of the interviews will be published on the same website.

Art. 6 – RANKINGS

1. Once the interview process has been completed, the Admissions Committee will finalise their candidate ranking by combining the points assigned for qualifications with those for interview.
2. Scholarships are awarded to candidates on the basis of:
 - a) their position in the final ranking;

- b) their position in the ranking and the number of eventual scholarships available for topic-specific PhD places. The Admissions Committee's evaluation of a candidate's suitability based on his/her educational profile is a decisive factor in the allocation of these topic-specific scholarships.
3. Request for an eventual topic-specific grant, added after the publication of this Call and up to the day before the assessment of qualifications, implies the candidate's preference for that specific scholarship with respect to the others. The successful applicant awarded the topic-specific scholarship is therefore required to accept it; renouncing the topic-specific grant results in the candidate losing his/her right to enrol in the PhD Programme.
4. Non-allocation of such scholarships, studies (see Art.6 par.2 letter b) results in a reduction in the number of places available.
5. The **ranked list** (again using candidates' application IDs) will be published on the [announcement Webpage](#).

Publication of this ranked list means that notification has been carried out officially. Successful candidates will **not** receive any personal notification, since the ranked list of candidates will be posted on the website.

Art. 7 – ADMISSION TO THE PHD PROGRAMME AND ACCEPTANCE OF OFFER

1. Candidates will be admitted to the PhD Programme according to their position in the ranking, until all available places are filled.
2. Should two candidates obtain the same score, the candidates' economic situations shall be the deciding factor for funded places, in accordance with the criteria established by current legislation on the right to education and the relevant ministerial decrees governing it.
3. Should a successful candidate withdraw before the beginning of the course (1 November 2023), the next candidate in the ranking will be admitted. Such a candidate will be expected to accept the offer **within 8 days** of receipt of communication from the relevant University Office ('PhD Office - Cognitive, Social Sciences and Humanities').

If a successful candidate withdraws or is excluded within the first three months of the first year, the PhD Programme Committee may decide to offer their place to the next candidate on the shortlist.

Successful candidates must confirm that they accept the PhD place offered **within 8 days** of publication of the shortlist. Offers are accepted online and instructions can be found at: <http://www.unitn.it/en/node/1928>. Successful candidates who fail to submit their acceptance according to the terms and procedures set out in this paragraph, lose their right to enrol. Their places will be made available to other eligible candidates, in order of their position on the shortlist.

4. Admitted applicants with a qualification that has not been awarded in Italy must deliver to the PhD Office - Cognitive, Social Sciences and Humanities, in advance by email (phd.office-cssh@unitn.it) if they had not already done so during the application phase – "Application procedure", the following documents **by 8 November 2023**:
 - original or certified copy of the **academic diploma of the Master degree** (Master of Science/Arts or equivalent) **together with the academic transcript of records**, possible official translations¹², legalised¹³ or with an apostille affixed (*verify the fulfilment of the requirements set by the issuing country of the title*);
 - **Diploma Supplement** (if provided for by the university where the title was issued, it is commonly used within the member countries of the European Higher Education Area (EHEA));
alternatively
 - **Declaration of Value** issued by the Italian diplomatic or consular representations country of origin of the institution that issued the title;
alternatively
 - **Statement of comparability of foreign university qualifications** issued by the ENIC-NARIC Center in Italy (CIMEA¹⁴) that contains all the information necessary for the assessment of the qualification.

In case the Diploma Supplement, or the Declaration of Value, or the Statement of comparability are not available by 8 November 2023, admitted applicants must deliver a document showing that they asked the University/the Italian diplomatic or consular representations/the ENIC-NARIC centre for the documents to be issued.

Admission to the Doctoral Programme for successful candidates who do not provide the required above-mentioned documents by **8 November 2023** will be "conditional" and the applicants will be excluded from the Doctoral Programme if:

- they do not deliver the documents within 6 months from the starting date of the Programme;

¹⁴ For the assessment and verification services of foreign qualifications through the use of the Diplome platform, see: <https://international.unitn.it/incoming/diploma-verification>

- upon verification, their title is not in compliance with the requirements of this call for selection. Forfeiture from the course will result in the obligation to return any monthly scholarship money received.

Art. 8 – SUPERNUMERARY POSTGRADUATE RESEARCH POSITIONS

1. In accordance with art. 18, par. 3 of the University Regulations regarding PhD Programmes, the Admissions Committee can admit **one extra candidate**, further to the number of places initially announced, providing that the candidate has been shortlisted and without granting a university scholarship. Such a supernumerary candidate must belong to one of the following categories:
 - a) foreign nationality, eligible in the general ranking, who are granted scholarships by other entities;
 - b) shortlisted candidates from countries which have specific inter-governmental agreements with Italy, and subsequently make a special agreement with the University, without the University of Trento being required to assume any financial obligations;
 - c) be a research fellow receiving not less than 24-month worth of grant at the date of the start of the PhD programme. The candidate must be researching a subject relevant to the PhD research programme (subject relevance to be determined by the PhD programme Committee);
 - d) be employed in the public sector or state legal system. Admission is dependent on candidates being given leave of absence or exceptional leave, in accordance with article 2 of the Law of 13 August 1984, no. 476 and subsequent revisions.¹⁵
2. Candidates who wish to take advantage of the supernumerary position also have 8 days following publication of the ranking in which to request enrolment and present the necessary documentary evidence of their eligibility to “PhD Office - Cognitive, Social Sciences and Humanities” (email phd.office-cssh@unitn.it).
3. Supernumerary enrolment is limited to the number of places specified in article 1 and is subject to the final ranking.
4. Supernumerary candidates will receive an offer via email from the PhD office once the documentation regarding their eligibility (see par. 2 above) has been verified. They must then formally accept this offer within 8 days of receipt, using the online procedure at the link mentioned in art. 7, paragraph 4.

Art. 9 – ENROLMENT

1. Registration on the doctorate course for the successful candidates, who have accepted their places according to the procedures in the previous article, will automatically be formalised as soon as the Ministry of Education, University and Research sets out the requirements for PhD Programmes for the 2023-2024 academic year.

Should accreditation not be given, candidates who have accepted places will be notified immediately via email and the local education tax (TDS) will be refunded.
2. To complete the enrolment, the candidate who has obtained the qualification abroad, upon arrival in Italy, will have to show the official documents (in original or copy conforming to the original), relating to the academic path, already anticipated in a scanned form in phase of admission to the competition or during the acceptance of the position, to allow the appropriate verification of the validity of the qualifications, also through the national information centres on the recognition of foreign securities belonging to the ENIC-NARIC network. Until such time candidates are admitted to the course with reserve and may be excluded if they do not meet the requirements.

Art. 10 – INTELLECTUAL PROPERTY RIGHTS TO RESEARCH RESULTS AND PUBLICATIONS

1. Without prejudice to the Italian law on copyright (legislative decree 633/1941 and subsequent amendments), intellectual and industrial property rights on the results eventually achieved by the PhD student, including (but not limited to) softwares, industrial inventions patentable or not, know-how, models, data and data collection, are regulated in accordance with applicable laws and University regulations and, if necessary, according to the provisions in the individual agreements with universities, companies or entities involved¹⁶.
2.
