Art. 5 – APPLICANT EVALUATION

1. Upon hearing the Doctoral Programme Committee, the Rector appoints the Admissions Committee. It consists of at least three members chosen among Italian and foreign professors and researchers, who are experts in the scientific areas of the Doctorate. The Committee may also include up to two experts, even foreign, of public and private national and international research organizations.
2. There is a **pre-selection** phase composed by two parts:
 - I. Qualifications assessment and evaluation of the research project according to art. 4 of the call; on the results of this evaluation depends access to the second pre-selection part;
 - II. multiple choice test to assess the basic knowledge of the candidates on theoretical and methodological approaches and issues in sociology social research.
3. Shortlisted candidates will be interviewed in English in order to assess their theoretical and methodological competences, research skills and their motivation. The interview also aims at evaluating the coherence of candidate's research interests as presented in the submitted research proposal with their curriculum vitae et studiorum.
If no English certificate at least level C1 has been provided in the application, the candidate's English knowledge will be tested during the interview.
4. Candidates who intend to compete also for potential topic-specific grants, made available after this call's publication, must express their intention to the Admissions Committee before the qualifications are assessed. Those candidates will be evaluated on their knowledge of the specific subject matter(s) of that grant.
A candidate's request to allocate an eventual topic-specific grant implies that candidate's preference for the specific scholarship above all other grants.
5. For the interview the Admissions Committee has an overall score of 100 points available. To be admitted in the overall ranking candidates shall score at least 60/100.
6. The list of the candidates admitted to the interview and the final ranking will be published at the selection's webpage.
7. The written test may take place in one of two modalities (at the candidate's choice):

⁸ If no English certificate is provided in the application, the English knowledge will be tested during the interview.

- a) at the University of Trento. Applicants are requested to show a valid ID document before the interview begins. Should the candidate fail to attend the exams for whatever reason this will be considered as renunciation of participation in the selection procedure.

The multiple-choice test will be carried out through the use of computers made available at the Department of Sociology.

- b) by videoconference by using audio-video connection devices that allow the correct identification of the participants (by webcam) and the carrying out of the exams in public. The starting time of the exams will be scheduled by the Commission. Candidates must provide the same identification document attached to the application form. Failure to participate on the day or at the appointed time, or not providing ID documents will result in exclusion from the competition. The University accepts no responsibility in the case of technical problems that do not guarantee the proper conduct of the exams. Further technical information will be provided in due time by the doctoral secretariat.

8. Information regarding the date, time and place (University of Trento, if in presence) at which the test will be held will be provided at least 20 days prior to the date of the interview on the selection's webpage. Any changes to the date of the exams will be published on the same website.

Art. 6 – RANKING

1. The Committee draws up a merit-based ranking according to the scores obtained by the applicants from the evaluation of the interview. The assessment of the pre-selection phase has no relevance.
2. Scholarships are assigned to eligible candidates based on:
 - a) ranking;
 - b) candidate eligibility for topic-specific grants. Please note that topic-specific grants are assigned following the ranking and until their maximum number is filled. Where possible, scholarships will be assigned according to the preference expressed by the candidate in the application.
3. The candidate who has been awarded a topic-specific grant, must accept it since the choice for a topic-specific grant he/she expressed implies the candidate's preference for the award of that specific scholarship with respect to the others. Renouncing the topic-specific grant implies the exclusion of the candidate from the right to enroll in the PhD Programme. Unassigned topic-specific grants will result in the reduction of positions available.
4. The ranked list (using candidates' application IDs) will be published on the selection's webpage.
5. **By publishing the ranking, notification concerning the selection results is considered fulfilled.** Admitted candidates will not receive any personal messages.

Art. 7 – ADMISSION TO THE PHD PROGRAMME AND ENROLMENT

1. Applicants will be admitted to the Doctorate according to their rank in the final score list and until all available and eligible positions have been filled.

3. If an eligible applicant withdraws **before the beginning of the Programme** (*1st November 2025*), the next applicant in the ranking list will be offered the place.

This candidate is expected to accept the offer within **8 days** from the day after having received the notice from the PhD Office - Cognitive, Social Sciences and Humanities.
